

AN INTRODUCTION TO VALUE-ADDED PROGRESS MEASURES

Groups or individuals can use this document to help process the key learning concepts reviewed in the *Introduction to Value-Added Progress Measures*.

Key Points	Notes
<ul style="list-style-type: none">• What is progress or growth?• What is achievement?• What are some benefits of value-added data?	

Turn to a neighbor and share your thoughts to these questions:

- What is the relationship between student growth and a value-added measure?
- What is the power of measuring both progress and achievement measures?
